

Policy Councils are designed to facilitate communication, cooperation, and coordination among the Committees and Sections of the IACP. Policy Councils are intended to serve as a forum for members of the IACP to collaborate on issues of importance to the law enforcement profession in a timely, focused, and flexible manner. Each Policy Council is a group of like-topic committees and sections and is chaired by a member of the IACP Executive Board. Board leadership ensures that the activities of the councils are coordinated and aligned with the overall direction and strategic priorities of the IACP. Section Chair is invited but Section groups do not meet formally at this event.
