

# WOMEN'S LEADERSHIP INSTITUTE (WLI)

## VIRTUAL COURSE OVERVIEW AND SCHEDULE

### SESSION ONE | AUGUST - SEPTEMBER 2020

## Course Overview

The IACP Women's Leadership Institute (WLI) is a leadership training program for female leaders and those developing female leaders. The curriculum is focused on teaching participants evidence-informed leadership theories to help them inspire followers, lead groups, and achieve organizational goals—all in the context of better understanding the unique challenges women face in the workplace. Spanning eight weeks in duration, this course consists of two virtual live events a week led by IACP-certified instructors, at-home assignments to support learning application efforts, and virtual (and optional) social events to facilitate participant networking throughout the eight weeks.
